STUDENT ABSENCES: The Ohio Missing Children's Act became effective in April 1985. The law states that each day a student is absent from school the parent/guardian must notify the school between 8:00 – 10:00 A.M. the day your child is to be absent from school. If you do not notify the school it will become necessary for the school to contact you either at home or at your place of employment. To avoid conflict, please contact your school the morning of your child's absence. This assures the school that you know where your child is. Please indicate below the numbers the school should call should it become necessary to contact you regarding your child's absence from school.
